

EXTRA CREDIT (due Mon. March 9th)

CATAPULT PROJECT

1. Your catapult must have an arm designed to throw a Marshmallow. A sling may be used to maximize throwing potential, but slingshot devices are NOT permitted.
2. Your catapult must be able to throw the marshmallow under its own power either through tension or counter-weight.
(Minimum 3 feet)
3. Your catapult must be able to fit in 1ft. x 1ft. square.
4. Be creative with the materials used in the making of this project.

FOOD PROJECT

1. Recipe from another country (Turn in Copy)
2. Desserts Only
3. HOMEMADE
4. Bring and Share with Class
